

## How to Post Live Results through askFred

Open your askFred tournament and click the button to open the Live Results Configuration Window:

Enter the following Info into the Live Results Configuration Window:

Enable live result publication   
Select events to publish: Select All  
Publish every \_\_ minutes. 1  
Host name: 74.85.244.142  
Username: [liveresults@thebaycup.net](mailto:liveresults@thebaycup.net)  
Password: baycup2013  
Remote path: Event abbreviation and number (i.e. Y10MF2 VDV3XE4)

Click "OK" to save!

*Troubleshooting: Occasionally, Live Results will lag and/or get stuck. This problem is usually solved if you save your tournament, close Fencing Time, re-open the program and tournament, and then re-enable the live results publication in the window above.*
